I get into MSY a little after noon. I don't know if I have time. What do you think?

Greg,

Did you want to meet somewhere before 2 and get lunch/discuss site? Or just meet there at 2?

Jeff suggests we meet onsite at 2 PM. Asked him if there would be any benefit to meeting at their office before, he said he didn't think so. Meeting time sound good? Want to meet somewhere before to get a bite and go over plan?

Jeff,

Hope you're doing well, has been a long time since we've had a chance to work with you all. Greg Fife with EPA wanted me to get in touch with you and let you know he's going to be coming down next Wednesday to take a look at the Lowerline site and collect a few readings. His flight lands around noon, so with lunch and getting a vehicle it will probably be around 2 before we get to the site. Would you all be interested in meeting up?

Thanks  
David
